INDEX

Articles not marked by any signs were published as original contributions in THE LARYNGOSCOPE. All articles marked with a † were published in the proceedings of the New York Academy of Medicine, Section on Laryngology and Rhinology. Those marked with a * were published in the proceedings of the Philadelphia Laryngological Society; those marked with a ‡ were published in the proceedings of the American Laryngological Association.

A

- Abscess, descending retro-esophageal with Phlegmon of the neck and threatening mediastinitis. Two cases of,—Glogau, Otto..... 290
- Abscess, pulmonary, a study of ninety cases,—Glowacki, B. F..... 153
- Acoustic nerve, a study of the tonal Ranges in lesions of, and its end organ,—Dean, L. W. and Bunch, C. C..... 309
- Aerocele of the brain, with report of cases,—McCannel, A. D..... 189
- Anatomic and pathologic structure of the larynx, the,—Josephson, E. M..... 699
- Angioma of the larynx,—Wolf, Geo. D..... †233
- Angioneurotic edema, acute,—Davis, Geo. E..... †726
- Angioneurotic edema, asthma, hay-fever and nasal hydrorrhea; a partial review as to etiology,—Williams, C. B..... 31
- Apparatus, a new nasal suction irrigation,—Lore, J. M..... 157
- Artery clamp, a new, for tying off deep tonsillar vessels,—Kahn, Alfred..... 369
- Arthritis, purulent, cause of ear conditions,—Wolf, Geo..... 10
- Asthma, hay-fever, nasal hydrorrhea and angioneurotic edema, a partial review as to etiology,—Williams, C. B..... 31
- Atomizer tip, a modified, for specialists,—Proetz, Arthur W..... 612
- Audiometer, the Iowa pitch range, and its uses,—Seashore, C. E..... 295
- Auditory and vestibular tests in intra-cranial surgery, clinical studies of,—Eagleton, Wells P... 483

B

- Bacteriology, the, of infected nasal accessory sinuses,—McGinnis, Edwin and Cary, W. E..... 424

- Bandage, mastoid, A.—Coates, Geo. M. and Shuster, Benj. H..... 938
- Beck-Shenk and LaForce instruments, a few important points on the use of,—Cohen, Samuel... 149
- Blood-clot dressing in mastoidectomy, further observations on,—Davis, Geo. E..... 442
- Blood transfusions for otological cases,—Unger, Lester J..... 250
- Blood transfusions in otological cases,—Hays, Harold M..... 253
- Blood, transfusions of, from immunized donors,—Unger, L. J..... 145
- Brain abscess,—Dench, E. B..... †545
- Brain, aerocele of, with report of cases,—McCannel, A. D..... 189
- Bronchoscopic case, a, with a unique feature,—Fletcher, Geo. W. 53
- Bursa pharyngea, cysts of,—Figl, Fred A..... 37

C

- Carcinoma, adeno, one case of, and one case of round cell sarcoma of the para-nasal sinuses,—Butler, Margaret F..... 135
- Carcinoma, early, of the larynx,—Wolf, Geo. D..... †235
- Carcinoma of the larynx, report of a case of, laryngo-fissure,—Birkett, Herbert S..... 609
- Carcinoma of the larynx, three cases,—Knopt, Saul..... †722
- Cartilage and bone in the tonsil,—Hillkowitz, P. and Gauss, H..... 865
- Cartilage transplants in the correction of nasal deformities, the value and ultimate fate of,—Carter, W. W..... 196
- Case for diagnosis,—Hays, Harold..... † 62
- Case of tuborrhea of the right ear and impaired hearing of the left ear due to purulent arthritis,—Wolf, Geo..... 10

- Causes of failure in surgery of the nasal accessory sinuses,—Mithoefer, Wm. 371
- Cerebellar and cerebral abscess, my method of treating,—Le-maitre, F. 84
- Cerebellum, a case of tumor of, that gave negative results to labyrinthine tests,—Rosenblut, B. 257
- Cerebro-spinal rhinorrhea, with report of a case,—Loftus, J. F. 617
- Certain physical affections of the neck encountered in diseases of the upper air passages,—Cyriax, E. F. 857
- Chisel, a new septal,—Olsho, S. L. 308
- Chronic catarrh of the naso-pharynx,—Wishart, Gibb. 267
- Chronic headache and toxemia due to sinus disease (intra-nasal operation),—Mackenty, J. E. 58
- Classification of deafness, from the standpoint of its pathology, functional tests and pedagogy,—Goldstein, Max A. 657
- Clinical observations on the correction of external deformities of the nose by the intra-nasal route,—Blackwell, Hugh B. 21
- Clinical studies of vestibular and auditory tests in intra-cranial surgery,—Eagleton, Wells P. 483
- Cocain poisoning, report of a death from,—Alden, Arthur M. 889
- Cochlear function, unusually slight deviation from the normal coincident with complete traumatic destruction of vestibular function,—Field, S. O. 16
- Complete traumatic destruction of vestibular function with unusually slight coincident cochlear involvement,—Field S. O. 16
- Connellan-King diplococcus, conclusions concerning,—King, J. J. 207
- Control of the pain of herpes zoster of the nerves ophthalmicus through the sphenopalatine ganglion and the sphenoid sinus,—Bryan, W. M. C. 703
- Cresatin (Dr. N. Sulzberger),—Lederman, M. D. 214
- Cysts of the bursa pharyngea,—Figl, Fred A. 37
- Cysts, subdural, of the frontal bone, presentation of a case four years after operation for,—Shemeley, W. B., Jr. 575
- D**
- Dacryocystitis, acute and chronic, the treatment of, with silver canulas,—Callahan, John F. 805
- Deafened, the, methods of mental reconstruction of,—Hays, Harold M. 117
- Deaf-mutism, pathological and clinical aspects of,—Fraser, J. S. 177
- Deaf-mutism, the pathology of,—Fraser, J. S. 731
- Deafness and otosclerosis, plea for an international investigation into,—Fraser, J. S. 891
- Deafness, classification of, from the standpoint of its pathology, functional tests and pedagogy,—Goldstein, Max A. 657
- Deafness, congenital or early acquired, the results of the functional tests of the vestibular and auditory apparatus, in forty-four children with,—Alden, Arthur M. 665
- Death following operation for removal of tonsils,—Bailey, Fred W. 384
- Death from cocain poisoning, report of a case of,—Alden, Arthur M. 889
- Deductions from examinations of a thousand adult throats,—Skillern, S. R., Jr. 800
- Deformities, nasal, the value and ultimate fate of bone and cartilage transplants in the correction of,—Carter, W. W. 196
- Depressor, tongue, a new suction,—Hunt, W. M. 454
- Determination of the line of the descending portion of the facial canal in doing the mastoid operation,—Bridgett, Frank. 329
- Diagnosis, a case for,—Davis, George E. 216
- Diplococcus, Connellan-King, conclusions concerning,—King, J. J. 207
- Diplacusis, sensibility of pathological ears to small differences of loudness and pitch, including a report on seven cases of,—Kundsen, V. O. and Shambaugh, G. E. 358
- Directoscop, the, of Haslinger (Vienna), in the diagnosis and surgery of the larynx,—Israel, Sidney. 945
- E**
- Ear and throat symptoms in rheumatic cases,—MacFarlan, D. 436

INDEX

V

- Ear, middle, indications for surgical intervention in acute suppuration of,—Kerrison, Philip D. 811
- Edema, progressive of the larynx, specific,—Smith, Harmon..... 881
- Edema, subglottic, a case of, due to acute lymphatic leukemia,—Hubert, L. 389
- Emphysema, surgical, following tonsillectomy,—Stein, Simon..... 785
- Epistaxis, long-standing and severe in a case of telangiectasis in the mucous membranes of the nose and lips,—Miller, J. W. 367
- Epithelization of the maxillary sinus in chronically diseased states, a further report on the, "Summary",—Sheehan, J. E.....†470
- Esophagus, stricture of, following scarlet fever,—Vinson, Porter P. 949
- Esophagus, wire ring in,—Gill, E. G. 213
- Ethmoiditis and sphenoiditis,—Harris, T. J.†219
- F**
- Facial canal, determination of the line of the descending portion of, in doing the mastoid operation,—Bridgett, Frank..... 329
- Fibroma (?) of tonsil on pedicle,—Michaelis, Alfred.....†724
- Fibroma, plasma, of the larynx,—White, Francis, W.†393
- Fibro-Sarcoma of the naso-pharynx treated by operation and radium,—MacPherson, Duncan.....†653
- Forceps, Septal Punch, an improved,—Lewis, J. D. 862
- Foreign body granuloma of the nose,—Pearlman, S. J. and Pilot, I. 854
- Foreign body in the larynx, a case of,—Moore, R. S. 212
- Foreign body removed from nose,—Michaelis, Alfred.....†220
- Fractures, nasal, the immediate and late treatment of,—Cohen, Lee. 847
- Frontal lobe abscess following acute bilateral frontal sinusitis,—Fassett, Edwin C. and Imperatori, Charles J.†229
- Frontal sinusitis cured by external operation, interesting case of,—MacKenty, John E.† 58
- Further observations on the blood-clot dressing in mastoidectomy,—Davis, Geo. E. 442
- Frontal lobe abscess following acute bilateral frontal sinusitis,—Imperatori, Charles J. and Fassett, Edwin C.†229
- G**
- Generalized clonic spasm, hemiparesis and coma, the result of a lateral sinus thrombosis,—Salinger, Samuel..... 27
- Glossitis, acute, with spontaneous rupture,—Knopf, Saul.....†550
- Granuloma, foreign body, of the nose,—Pearlman, S. J. and Pilot, I. 854
- H**
- Halle and Lautenschlager operations for ozena, report of a case showing the results of,—Mithoefer, Wm. 952
- Hay-fever, asthma, nasal hydropnea and angioneurotic edema; a partial review as to etiology,—Williams, C. B. 31
- Hay-fever, prevalence of,—Scheppegrell, Wm. 535
- Hemorrhage following tonsillectomy, the treatment of by ligation,—Callahan, John, F. 675
- Hemorrhage, tonsillar, hemostat for,—Herbert, Wm. 890
- Hemostat for tonsillar hemorrhage,—Herbert, Wm. 890
- Herpes zoster of the nervus ophthalmicus, the control of the pain in, through the sphenopalatine ganglion and sphenoid sinus,—Bryan, W. M. C. 703
- Hydrorrhea, nasal, asthma, hay-fever and angioneurotic edema; a partial review as to etiology,—Williams, C. B. 31
- I**
- Immediate and late treatment of nasal fractures,—Cohen, Lee..... 847
- Improvised artificial drum as an aid to hearing, a study of certain principles involved,—Kerrison, P. D. 1
- Indications and contra-indications for the submucous resection of the nasal septum,—Hoffmann, John, M. 13
- Indications for mastoid operation under local anesthesia,—Stout, P. S. 837
- Indications for surgical intervention in acute suppuration of the middle ear,—Kerrison, Philip D. 811

- Infections, severe systemic of otitic origin, the treatment of,—Dench, E. B..... 113
- Inflammations, otitic, internal phases of,—Brooks, Harlow..... 126
- Internal phases of otitic inflammations,—Brooks, Harlow..... 126
- Intra-nasal route in correction of external deformities of the nose, clinical observations on,—Blackwell, Hugh B..... 21
- Intra-nasal sinus operation, blindness and death following,—Heller, Isaac M.....† 66
- Intubation, an X-ray study of,—Gidings, E. and Ehrlich, D. E..... 301
- K**
- Knopf, Saul,—Carcinoma of the larynx, (three cases).....†722
- L**
- Labyrinthine findings, normal, report of two cases of total deafness due to trauma with,—Schwartz, A. A. and Kopetzky, S. J..... 340
- Labyrinthine tests, case of tumor of the cerebellum that gave negative results to,—Rosenblut, B..... 257
- Labyrinthitis, plastic, presentation of a case of, probably of congenital luetic origin,—Shemeley, W. B., Jr..... 781
- LaForce and Beck-Shenk instruments, a few important points on the use of,—Cohen, Samuel..... 149
- Laryngeal papillomata, removal of, by a simple technique,—McKinney, Richmond..... 111
- Laryngeal stenosis, an interesting case of,—Josephson, E. M..... 790
- Laryngo-fissure, report of a case of carcinoma of the larynx with,—Birkett, Herbert S..... 609
- Laryngoscope, direct, modification of,—Goodloe, A. E..... 585
- Larynx, a case of foreign body in,—Moore R. S..... 212
- Larynx, dislocation of the, and upper trachea to left,—Davis, Geo. E.....†725
- Larynx, progressive edema of,—Smith, Harmon..... 881
- Larynx, prolapsed ventricle of the,—Smith, Harmon.....†552
- Larynx, report of a case of carcinoma of,—Birkett, Herbert, S..... 609
- Larynx, the anatomic and pathologic structure of,—Josephson, E. M..... 699
- Larynx, the directoscop of Haslinger (Vienna) in the diagnosis and surgery of,—Israel, Sidney.. 945
- Larynx, war surgery of, with special references to the work at Cape May,—Berry, Gordon..... 85
- Lateral sinus, primary thrombosis of the mastoid emissary vein with secondary involvement of,—Friedman, J. and Greenfield, S. J..... 347
- Lateral sinus thrombosis with generalized clonic spasm, hemiparesis and coma,—Salinger, Samuel..... 27
- Lautenschlager and Halle operations for ozena, with report of a case showing the results of,—Mithoefer, Wm..... 952
- Leukemia, lymphatic, a case of subglottic due to,—Hubert, L..... 389
- Local anesthesia, indications for mastoid operations under,—Stout, P. S..... 837
- Lymphangiectasis of the epiglottis and tongue, case of,—Clerf, Louis H.....†730
- Lymphoid tissue, unusual mass of, around the tonsillar fossa following tonsillectomy,—Freudenthal, Wolf.....†231
- M**
- Macrotia, a case of, with occlusion of the left external auditory canal,—Shemeley, W. G., Jr..... 841
- Management of certain nose and throat disorders in singers and speakers, —Voorhees, Irving W..... 42
- Mastoid bandage, a,—Coates, Geo. M. and Shuster, Benj, H..... 938
- Mastoid cells, the development of the, and variations in anatomy from the viewpoint of pathology and operative procedure,—Bigelow, Noltan.....†637
- Mastoidectomy, further observations on the blood-clot dressing in,—Davis, Geo. E..... 442
- Mastoiditis, an unusual case of,—Hughes, T. E..... 716
- Mastoiditis associated with acute nephritis,—Sautter C. M..... 131
- Mastoiditis, chronic, report of a case of, with extensive pathology,—Shook, F. M..... 615
- Mastoiditis, complicated by giant-cell sarcoma of the auditory canal,—Herbert, Wm..... 414

- Mastoiditis, double, with no symptoms and unexplained temperature for three months,—Bowers, Wesley, C.†459
- Mastoiditis, five atypical cases of, in children,—McDougall, J. Calhoun and Knauer, Wm. J. 936
- Mastoiditis, suspected, clinical diagnosis with special reference to the interpretation of the X-ray pictures,—Hays, Harold M. 924
- Mastoid operation, determination of the line of the descending portion of the facial canal in doing the,—Bridgett, Frank. 329
- Mastoid operations under local anesthesia,—Stout, P. S. 837
- Maxillary sinusitis in a child with a fatal issue, a case of,—Morgan, J. A. 614
- Maxillary sinus, new instruments for puncturing and visualizing,—Spielberg, Wm. 844
- Mediastinotomy, prophylactic, external operation through the vascular route in two cases of descending retro-esophageal abscess with phlegmon of the neck and threatening mediastinitis,—Glogau, Otto. 290
- Menieres syndrome, case showing, in a young man nineteen years old,—Wieder, Henry S.*480
- Methods of mental reconstruction of the deafened,—Hays, Harold M. 117
- Modification of the direct laryngoscope,—Goodloe, A. E. 585
- Mucocele of the left frontal sinus,—Smith, Harmon. 108
- N**
- Nasal deformity, depressed, due to the submucous operation,—Carter, W. W.†720
- Nasal fractures, immediate and late treatment of,—Cohen, Lee. 847
- Nasal pharynx, new growth of, for diagnosis,—Siegmeister, W. M.†238
- Naso-pharynx, chronic catarrh of,—Wishart, Gibb. 267
- Neck, certain physical affections of, encountered in diseases of the upper air passages,—Cyriax, E. F. 857
- Nephritis, acute, associated with mastoiditis,—Sautter, C. M. 131
- Needle, tonsil, a,—Hurd, Lee M. 456
- Nerve deafness, unilateral,—Palmer, A.†562
- Nicotine poisoning of the middle ear, a preliminary report from animal experimentation and microscopic findings.—Glogau, Otto. 262
- Nose and throat disorders in singers and speakers, management of,—Voorhees, Irving W. 42
- Nose, external deformities of, and correction by the intra-nasal route,—Blackwell, Hugh B. 21
- Nose, foreign body granuloma of,—Pearlman, S. J. and Pilot, L. 854
- Nose, sporotrichosis of,—Albright, Geo. C. 875
- Novocain, an accident with,—Heller, Isaac M.† 65
- O**
- Orbit, osteomyelitis of, from extensive sinus disease,—Morgan, Jas. A. 943
- Osteoma, a case of, originating the os planum and invading the orbit,—Vail, H. H. 428
- Osteomyelitis associated with sinus disease,—Faulkner, E. Ross.†557
- Osteomyelitis of the orbit from extensive sinus disease,—Morgan, Jas. A. 943
- Osteosarcoma of the superior maxilla,—Harris, T. J.†651
- Operative treatment of ozena,—Wolfson, L. E. 139
- Otitic inflammations, internal phases of,—Brooks, Harlow. 126
- Otitis media, chronic suppurative, the radical operation in,—Dench, E. B. 241
- Otitis media, purulent, unusual forms of extension in, with special reference to involvement of the cranial nerves,—Friedenwald, Harry and Breitenstein, M. L. 820
- Otorrhea, chronic, with labyrinthine irritation,—Schiller, A. N.†463
- Otosclerosis and allied forms of deafness, plea for an international investigation into,—Fraser, J. S. 891
- Ozena, the treatment of by operation,—Wolfson, L. E. 139
- Ozena, with report of a case showing the results of the Halle and the Lautenschlager operations for,—Mithoefer, Wm. 952

P

- Pachydermia laryngis, — Smith, Harmon. 110
- Pachydermia laryngis, — Unger Max. †218
- Pain, a study of the mechanism of, as seen in otological cases, — Hubert, L. 596
- Papillomata, laryngeal, the removal of by a simple technique, — McKinney, Richmond. 111
- Parotitis suppurativa, three attacks, — Adams, C. F. *479
- Pathology of deaf-mutism, the, — Fraser, J. S. 731
- Pathological and clinical aspects of deaf-mutism, author's abstract, — Fraser, J. S. 177
- Pedagogy, and functional tests in the classification of deafness, — Goldstein, Max A. 657
- Perforations of the nasal septum, a new plastic procedure for the closure of, — Lewis, J. D. 671
- Pharyngeal suction tube, a new, — Myerson, Myron C. 455
- Plea for an international investigation into otosclerosis and allied forms of deafness, — Fraser, J. S. 891
- Pneumatization of the middle turbinate, the significance of, with histological considerations, — Baum, Harry L. 565
- Practical considerations of ethmo-sphenoidal sinusitis, — Harter, J. H. 417
- Presentation of patient in whom a diagnosis has been made of plastic labyrinthitis probably of congenital luetic origin, — Shemeley, W. B. J. 781
- Presentation, the, of a theory explaining a phase of tinnitus aurium, — Lothrop, O. A. 582
- Prevalence of hay-fever, — Sheppergrell, Wm. 535
- Post-pneumatic lung abscess treated by bronchoscopy, case of, — Clerf, Louis H. *728
- Post-typhoidal cicatricial stenosis of the esophagus, — Clerf, Louis H. *729
- Progressive edema of the larynx, specific, — Smith, Harmon. 881
- Pulmonary abscess, a study of ninety cases, — Glowacki, B. F. 153
- R**
- Radium in the treatment of malignant tumors of the nose and throat, — Ranson, John R. 883

- Radical operation, the, in chronic suppurative otitis media, the use of the primary skin graft and the results of the operation with particular reference to the function of the organ, — Dench, E. B. 241
- Radium, on the use of, to induce atrophy of the faucial tonsil, histologic evidence, — Wells, Walter A. 681
- Recording of functional hearing tests, — Jesberg, Simon. 379
- Removal of laryngeal papillomata by a simple technique, — McKinney, Richmond. 111
- Report of a case of chronic mastoiditis with extensive pathology, operation, recovery, — Shook, F. M. 615
- Results of the functional tests of the vestibular and auditory apparatus in forty-four children with congenital or early acquired deafness, — Alden, Arthur M. 665
- Rheumatic cases, throat and ear symptoms in, — MacFarlan, D. 436
- Rhinoscleroma, — Forbes, Henry Hall. †239
- Rhinoscleroma, Harris, T. J. †239
- Rhino-laryngology, trans-Atlantic development of, — Birkett, Herbert S. 161
- Rhinophyma and its cure, a case of, — Sheehan, J. Eastman. †216
- Rhinorrhea, cerebro-spinal, with report of a case, — Loftus, J. E. 617
- S**
- Sarcoma of the right antrum, — Voorhees, Irving W. †555
- Sarcoma, round-cell, one case of, and one case of adeno-carcinoma of the para-nasal sinuses, — Butler, Margaret F. 135
- Sarcoma, giant-cell, of the auditory canal complicating mastoiditis, — Herbert, Wm. 414
- Scarlet fever, complicated by stricture of the esophagus, — Vinson, Porter P. 949
- Septal chisel, a new, — Olsho, S. L. 308
- Septal punch forceps, an improved, — Lewis, J. D. 862
- Septum, nasal, a new plastic procedure for the closure of perforations in, — Lewis, J. D. 671

- Septum, nasal, indications and contra-indications for submucous resection of,—Hoffmann, John M. 13
- Sensibility of pathological ears to small differences of loudness and pitch, including a report on seven cases of diplacusis,—Knudsen, V O. and Shambaugh, G. E. 358
- Significance, the, of pneumatization of the middle turbinate with histological considerations,—Baum, Harry L. 565
- Sinus thrombosis, facial paralysis on opposite side, double choked disc, recovery,—Bowers, Wesley, C. †460
- Sinus thrombosis, case of, with meningeal symptoms,—Schiller, A. N. †463
- Sinus, left frontal, mucocoele of,—Smith, Harmon. 108
- Sinus, maxillary, contribution to the diagnosis of subacute and chronic inflammatory lesions of the mucosa lining,—Spielberg, Wm. 203
- Sinuses, para-nasal, one case of round-cell sarcoma and one case of adeno-carcinoma of,—Butler, Margaret F. 135
- Sinuses, nasal accessory, causes of failure in the surgery of,—Mithoefer, Wm. 371
- Sinus, sphenoid, the control of the pain of herpes zoster of the nervus ophthalmicus through the sphenopalatine ganglion and,—Bryan, W. M. C. 703
- Sinuses, nasal accessory, studies in the use of suction in diseases of,—Unger, Max. 691
- Sinusitis, maxillary, a case of in a child with a fatal issue,—Morgan, J. A. 614
- Sinuses, infected nasal accessory, the bacteriology of,—McGinnis, Edwin and Cary, W. E. 424
- Sinus disease, extensive, causing osteomyelitis of the orbit,—Morgan, Jas. A. 943
- Sinusitis, double chronic frontal, epidural abscess of the frontal region,—Imperatori, Charles J. † 60
- Sinusitis, two cases of frontal (radical Killian),—White, Francis W. †553
- Sinusitis, ethmo-sphenoidal, practical considerations of,—Harter, J. H. 417
- Sinusitis in children, a study of,—Lore, John M. 941
- Soft palate, large mixed tumors of,—MacKenty, John E. †641
- Sporotrichosis of the nose,—Albright, Geo. C. 875
- Status lymphaticus, following chloroform anesthesia, death from,—Heller, Isaac M. † 64
- Status lymphaticus, report of a case of with autopsy findings,—Stone, Chas. L. 426
- Stenger test, the, for detection of simulated unilateral total deafness,—Czubak, M. F. 921
- Stenosis, laryngeal, an interesting case of,—Josephson, E. M. 790
- Studies in the use of suction in disease of the nasal accessory sinuses,—Unger, Max. 691
- Study of the mechanism of pain as seen in otological cases,—Hubert L. 596
- Study of sinusitis in children,—Lore, John M. 941
- Stricture of the esophagus, caused by cardiospasm,—Imperatori, C. J. † 59
- Stricture of the esophagus following scarlet fever,—Vinson, Porter P. 949
- Submucous resection of the nasal septum, indications and contra-indications for,—Hoffmann, John M. 13
- Suction in disease of the nasal accessory sinuses, studies in the use of,—Unger, Max. 691
- Suppurative labyrinthitis, conservatism in the treatment of,—Kerrison, Philip D. † 71
- Surgical control, the, of bleeding following tonsillectomy,—Rainey, John J. 446
- Surgery of the labyrinth, what are the signs and symptoms which indicate the necessity for surgical interference,—Dench, E. B. † 69
- Surgery of the labyrinth, round table discussion of the present status of,—McCoy, John J. † 74
- Suspected mastoiditis, clinical diagnosis, with special reference to the interpretation of the X-ray pictures,—Hays, Harold, M. 924

T

- Test, stenger, for the detection of simulated unilateral total deafness,—Czubak, M. F. 921

- Tests, functional, of the vestibular and auditory apparatus, the results of in forty-four children with congenital or early acquired deafness,—Alden, Arthur M..... 665
- Tests, functional, for the classification of deafness from the standpoint of its pathology,—Goldstein, Max A..... 657
- Tinnitus aurium, the presentation of a theory explaining a phase of,—Lothrop, O. A..... 582
- Tests, recording of the functional, of hearing,—Jesberg, Simon..... 379
- Throat and nose disorders in singers and speakers, management of,—Voorhees, Irving W..... 42
- Throat and ear symptoms in rheumatic cases,—MacFarlan, D. 436
- Thrombosis, primary, of the mastoid emissary vein with secondary involvement of the lateral sinus,—Friedman, J. and Greenfield, S. J..... 347
- Telangiectasis of the mucous membranes of the nose and lips, a case of, associated with longstanding and severe epistaxis,—Miller, J. W..... 367
- Tongue depressor, a new suction,—Hunt, W. M..... 454
- Tracheotomy, improved technique,—Gill, E. B..... 783
- Traumatic rupture of the esophagus,—Danziger, E..... † 63
- Traumatic rupture of esophagus during dilatation, mediastinal infection, drainage through bronchus,—Forbes, H. H..... † 62
- Transfusion of blood from immunized donors,—Unger, L. J..... 145
- Trans-Atlantic development of rhino-laryngology,—Birkett, Herbert S..... 161
- Transfusion, blood, for otological cases,—Unger, Lester J..... 250
- Transfusion of blood in otological cases,—Hays, Harold M..... 253
- Tonal ranges in lesions of the acoustic nerve and its end organ, a study of,—Dean, L. W. and Bunch, C. C..... 309
- Tonsils, faucial, on the use of radium to induce atrophy of,—Wells, Walter A..... 681
- Tonsil. cartilage and bone in,—Hillkowitz, P. and Gauss, H..... 865
- Tonsillar hemorrhage, hemostat for,—Herbert, Wm..... 890
- Tonsillar vessels, a new artery clamp for the tying of,—Kahn, Alfred..... 369
- Tonsillitis, chronic, X-ray therapy in,—Babcock, J. W..... 799
- Tonsillectomy, treatment of hemorrhage following, by ligation,—Callahan, John F..... 675
- Tonsillectomy, the after-results of different methods of, with special reference to the LaForce as compared with the ordinary dissection with the snare,—Patterson, Reese..... 280
- Tonsillectomy, the surgical control of bleeding following,—Rainey, John J..... 446
- Tonsillectomy, surgical emphysema following,—Stein, Simon..... 785
- Tonsillectomy, the Waring suction,—Waring, J. B. H..... 587
- Tonsil needle, a,—Hurd, Lee M..... 456
- Tonsillectomy, death following operation,—Bailey, Fred W..... 384
- Total deafness due to trauma with normal static labyrinthine findings, report of two cases,—Schwartz, A. A. and Kopetzky, S. J..... 340
- Treatment of acute and chronic dacryocystitis with silver canulas,—Callahan, J. F..... 805

NEW INSTRUMENTS

- Hemostat for tonsillar hemorrhage,—Herbert, William 888
- Modification of direct laryngoscope,—Goodloe, A. E. 585
- Modified atomizer-tip for specialists,—Proetz, Arthur W. 612
- New artery clamp for tying off deep tonsillar vessels,—Kahn, Alfred 369
- New instruments for puncturing and visualizing the maxillary antrum of Highmore,—Spielberg, William 844
- New pharyngeal suction tube,—Myerson, Myron C. 455
- New septal chisel,—Olsho, S. L. 308
- New suction tongue depressor,—Hunt, W. M. 454
- Septal punch forceps, an improved,—Lewis, J. D. 862
- Tonsil needle,—Hurd, Lee M. 456

BOOK REVIEWS

- "Endoscopic (Bronchoscopy, Laryngoscopy, Esophagoscopy) et Chirurgie du Larynx",—Jackson, Chevalier 31
- Tonsillectomy by means of the alveolar eminence of the mandible and a guillotine with a review of the collateral issues,—Sluder, Greenfield 31

ILLUSTRATIONS

- Chart illustrating tabulation of bacterial findings in cases of nasal sinusitis,—Cary and McGinnis, facing 424
- Chart illustrative of the functional auditory tests,—Goldstein, M. A., facing 664
- Charts illustrating the normal sound perception curve obtained by the use of the Iowa pitch range audiometer,—Seashore, C. E. 299-300-301-302
- Colored plates illustrating a case of carcinoma of the larynx,—Birkett, H. S., facing 610
- Cyst of the bursa pharyngea,—Figl, Fred 40
- Diagram illustrating uses of the artificial ear drum,—Kerrison, P. D. 3
- Drawing illustrating a new direct laryngoscope,—Goodloe, A. E. 586
- Drawing illustrating a new pharyngeal suction tube,—Myerson, M. C. 456
- Drawing illustrating a new hemostat for tying off vessels in the tonsillar fossa,—Kahn, Alfred 370
- Drawings illustrating a new nasal suction irrigation apparatus,—Lore, John M. 158-159
- Drawing illustrating a new suction tongue depressor,—Hunt, Wesley M. 454
- Drawing illustrating a new tonsil needle,—Hurd, Lee M. 457
- Drawing illustrating vestibular apparatus in a bivalve,—Eagleton, W. P. 487
- Drawing illustrating vestibular apparatus in butterfly,—Eagleton, W. P. 496
- Drawing of sporothrix beurmanii,—Albright, Geo. C. 879
- Drawings illustrating a new atomizer tip for specialists,—Proetz, A. W. 612-613
- Drawings illustrating a new plastic procedure for closure of perforations in the nasal septum,—Lewis, J. D. 671-672-673-674
- Drawings illustrating a new septal punch forceps and its use,—Lewis, J. D. 863
- Drawings illustrating important hay-fever weeds,—Scheppegeirell, Wm. 537
- Drawings illustrating the use of ligation in controlling post-tonsillectomy bleeding,—Rainey, J. J. 449-450
- Drawing of nerve connections at the base of the skull illustrating the mechanism of otalgia,—Hubert, L. 606
- Drawings of sections through the sphenoid bone illustrating the nervous mechanism around the sphenoid and sphenopalatine ganglion,—Bryan, W. M. C. 704
- Photograph illustrating a new tonsil hemostat,—Callahan, J. F. 679
- Photograph illustrating various containers of radium for use in nose and throat therapy,—Ranson, J. R. 885
- Photograph of new tonsil hemostat,—Herbert, Wm. 890
- Photographs and drawings illustrating the technique of the Waring suction tonsillectomy,—Waring, J. B. H. 590-592-594
- Photographs illustrating a case of macrotia with occlusion of the external auditory canal,—Shem-eley, W. G. 842-843
- Photographs illustrating methods of diagnosis of certain physical affections of the neck encountered in diseases of the upper air passages,—Cyriax, E. F. 858-859
- Photographs illustrating the pre- and post-treatment results of the correction of nasal fractures,—Cohen, Lee 848-849-850-851-852
- Photographs of a new antroscope and trocar,—Spielberg, Wm. 845
- Photomicrograph illustrating a foreign body granuloma of the nose,—Pearlman and Pilot 855
- Photomicrographs illustrating cartilage and bone in the tonsil,—Hillkowitz and Gauss 869-870-871
- Photomicrographs illustrating the histology of pneumatized middle turbinates,—Baum, H. L. 569
- Photomicrographs (50) illustrating various phases of the pathology of deaf-mutism,—Fraser, J. S. 747-774
- Photo-micrographs illustrating various phases of the pathology of otosclerosis,—Fraser, J. S. 897-916
- Photomicrographs of pollens from the common hay-fever weeds,—Scheppegeirell, Wm. 539
- Photomicrographs of tonsils before and after exposure to radium,—Wells, W. A. 685-687-688
- Photomicrographs of Varix of the vocal cord,—Faunce, C. B. 708-710-712

- Pictures and photomicrographs illustrating a case of laryngeal stenosis,—Josephson, E. M. 791-792-793-794
- Pictures and photomicrographs illustrating the minute anatomy
- Pictures illustrating a new mastoid bandage,—Coates, Geo. M. 938-939
- Pictures illustrating the use of the new directoscop of Haslinger,—Israel, S. 945-6-7
- X-2—Laryngoscope, Dec. 19, JHS of the larynx,—Josephson, E. M. 700-701-702
- Pictures and Roentgenograms illustrating a case of osteoma originating from the os planum and invading the orbit,—Vail, H. H. 429-430-431-432-433
- Pictures illustrating end-results on operative correction of external deformities of the nose,—Blackwell, Hugh B. 22-23-24-25
- Pictures illustrating the end-results obtained by bone and cartilage transplants for the correction of external nasal deformities,—Carter, W. W. 199
- Pictures illustrating the Iowa pitch-range audiometer,—Seashore, C. E. 296-297
- Pictures of various dissections of the temporal bone illustrating a new method of determination of the line of the descending portion of the facial canal in doing the mastoid operation,—Bridgett, Frank 330-331-332-333-334 335-336-337-338-339
- Plate illustrating a new septal chisel,—Olsho, S. L. 308
- Plate illustrating intubation instruments,—Giddings and Ehrlich 402
- Plates illustrating normal and pathological sound perception curves obtained by the use of the Iowa pitch range audiometer,—Dean, L. W. 311-325
- Plates showing curves obtained showing sensibility to slight differences to pitch and loudness in normal and pathological ears,—Knudsen and Shambaugh 355-356-357-358-359-361-362
- Plate illustrating the Galton whistle, Struycken monochord and Koenig cylinders,—Dean, L. W. 310
- Roentgenogram illustrating a case of open safety pin in the trachea,—Moore, R. S. 212
- Roentgenogram illustrating case of wire ring in the esophagus,—Gill, E. G. 213
- Roentgenogram illustrating the treatment of acute and chronic dacryocystitis by the use of silver cannulas,—Callahan, J. F. 807
- Roentgenograms illustrating a case of aerocele of the brain,—McCannel, A. D. 190-191-192-193
- Roentgenograms illustrating a case of mucocele of the left frontal sinus,—Smith, Harmon 108-109
- Roentgenograms illustrating a case of shawlpin in the bronchus,—Fletcher, Geo. W. 54
- Roentgenograms illustrating cases of ethmo-sphenoiditis,—Harter, J. F. 419-420-421
- Roentgenograms illustrating the methods of using suction in the treatment of disease of the nasal accessory sinuses,—Unger, Max 693-694-695-696
- Roentgenograms illustrating the ultimate fate of bone and cartilage transplants in the correction of nasal deformities,—Carter, W. W. 197-198
- Roentgenograms illustrating various stages and methods of intubation,—Giddings and Ehrlich 403-404-405-406-407-408-409-410-411
- Roentgenograms of a case of stricture of the esophagus,—Vinson, P. P. 949-950
- Temperature chart, post-operative, after removal of shawlpin from the bronchus,—Fletcher, Geo. W. 55-56
- Temperature charts from a case of lateral sinus thrombosis,—Friedman and Greenfield 350-351
- Two cuts illustrating osteomyelitis of the orbit from extensive sinus disease,—Morgan, Jas. A. 914
